

Flora-Edge® INSTANT BORDER™

The versatile planting system.
Borders, between pavers,
groundcover creation and
banded gardens.
You can even create swirls or
other instant effects.

Imagination!

Flora-Edge® Mini Mondo

is also
ideal for
planting
between
pavers
and as a
ground-
cover.

Create a banded garden in
minutes by using...

Flora-Edge® INSTANT BORDER™

Mondo Grass

Flora-Edge® INSTANT BORDER™

Using the patent pending
Easy Slide System

Don't Lift,
Slide!

Don't put up with
broken plants...

- GARDENING-MADE EASY
- SAVE TIME, MONEY AND YOUR BACK

Flora-Edge® INSTANT BORDER™

is the low cost way to plant borders whether
you prefer Mondo Grass, Society Garlic or
one of our other varieties... planting
has never been so easy!

INSTANT BORDER™

For a continuous, even Mondo Grass, Society Garlic border, use **Instant Border™** strips. For a clumping effect use 50mm tubes, 100mm and 140mm pots. Why? Pots and tubes of these varieties will give a clumping effect, which will take years to become continuous. If you want a continuous effect, use **Instant Border™**, as these were purposefully grown into borders from the beginning.

CLUMPING

Easy Slide System

Flora-Edge®

These pictures show the **Instant Border™ Easy Slide System** in action.

Simply **Slide** the plant into position.

*Occasionally it is necessary to cut the end section prior to tearing, generally though they will simply tear away.

Some of the products available in
